Education

Parul University — Vadodara, India
Bachelor of Technology in Computer Science, Cybersecurity (CGPA: 7.2/10) (7th Semester) — *Sept. 2023 – July 2027*

Thakur College of Science & Commerce — Mumbai, India
Higher Secondary Certificate (HSC) – Physics, Chemistry, Maths, Computer Science — *Aug. 2021 – May 2023*

Experience

IT Intern — June 2025 – Dec. 2025
Parul University — *Vadodara, Gujarat*

- Provided technical support to **200+ students and staff**, troubleshooting hardware, software, and network-related issues
- Maintained and configured **50+ campus systems and lab machines**, improving uptime and reducing recurring technical issues
- Diagnosed and resolved network connectivity problems across academic systems, improving stable and secure access for faculty and students

Projects

CrimeGPT | *NodeJS, RAG, AI Integration* — May 2026

- Built an **AI-powered legal assistant platform** for FIR generation, case documentation, and investigation workflows, reducing manual documentation effort by **60%**
- Developed and integrated **10+ frontend components and AI API workflows**, streamlining AI-driven document generation and improving overall user experience
- Optimized **RAG pipelines and API integrations** while resolving UI and workflow bottlenecks, improving response reliability and platform stability

NetWizard++ Toolkit | *Bash, Nmap, Linux, Graphviz* — Jan. 2026

- Built a **network reconnaissance toolkit** automating subnet calculation, host discovery, and network visualization
- Implemented SYN scanning, OS fingerprinting, and service enumeration, reducing manual reconnaissance effort during testing
- Packaged with a **cross-distro installer** supporting apt, dnf, and pacman for streamlined deployments

Wazuh Lab Setup | *Wazuh, SIEM, Linux, Windows* — Dec. 2025

- Deployed a **multi-endpoint SIEM lab** monitoring Windows and Linux systems using centralized log collection
- Configured MITRE ATT&CK mapping, endpoint monitoring, and vulnerability detection workflows simulating SOC operations
- Integrated security event monitoring across multiple virtual machines, improving visibility into suspicious activity

Competitions & CTFs

E-Rakshak 2026 Hackathon | *Surat City Police × NEXUS (SVNIT Surat)* — October 2026

- Reached the finals of this cybersecurity and policing-innovation hackathon, developing **Sentinel AI**, an AI-powered video-surveillance platform that detects people and vehicles in live camera feeds and generates real-time alerts.

Kanad S.H.I.E.L.D Hackathon | *Cyber Crime Branch, Ahmedabad City Police × i-Hub Gujarat* — August 2026

- Led team **Kernel Panic** to the finals, developing **CrimeGPT** for the Cyber Crime Branch, Ahmedabad City Police.

Achievements

- Ranked **3rd** in **Breach Havoc CTF** at Parul University, leading team **pwnzor** and earning a **Certificate of Merit** from The Hacker's Meetup.

Positions of Responsibility
