EDUCATION

Parul University

Bachelor of Technology in Computer Science, Cybersecurity (CGPA: 7.2/10)

Vadodara, India

Sept. 2023 – July 2027

Thakur College of Science & Commerce

Higher Secondary Certificate (HSC), PCM – Computer Science

Mumbai, India

Aug. 2021 – May 2023

EXPERIENCE

IT Intern

June 2025 – December 2025

Parul University

Vadodara, Gujarat

- Provided technical support to students and staff, troubleshooting hardware, software and networking issues
- Assisted in maintaining and configuring campus computer systems and equipment
- Diagnosed and resolved network connectivity issues across campus systems, ensuring stable and secure access for students and faculty

PROJECTS

NetWizard++ Toolkit | *Networking, Bash, Linux, Nmap, Graphviz*

January 2026

- Built a **Bash network recon toolkit** with subnet calculation, host discovery, and network map generation via Nmap and Graphviz
- **Developed a device detection module** that baselines network state and flags newly joined hosts
- Implemented pentest enumeration with SYN scans, OS fingerprinting, and service detection
- Packaged with a **cross-distro installer** supporting apt, dnf, and pacman for one-command deployments

Wazuh Lab Setup | *Wazuh, Ubuntu (Linux), Windows, SIEM*

December 2025

- Deployed a **local Wazuh SIEM environment** with a dedicated manager, dashboard, and agents across Windows and Linux endpoints
- Configured endpoint monitoring and threat detection leveraging MITRE ATT&CK, threat hunting, and vulnerability detection dashboards
- Simulated a mini-SOC setup to practice real-world log analysis, endpoint telemetry, and security event monitoring

FileGuard | *Bash, MD5, SHA1, SHA256*

April 2025

- Built a Bash-based file integrity tool supporting MD5, SHA1, and SHA256 hashing algorithms via a menu-driven interface
- **Implemented file integrity verification** by comparing hashes of original and copied files to detect tampering or corruption
- Added error handling for missing files and invalid inputs ensuring reliable operation across use cases

COMPETITIONS & CTFs

Breach Havoc CTF | *Parul University × The Hacker's Meetup*

March 2026

- Competed as **team lead** of **pwnz0r** (formerly 0xL0calhost) in a jeopardy-style CTF, tackling challenges across OSINT, web exploitation, forensics, and pwn and more

ACHIEVEMENTS

- Awarded a **Certificate of Merit** by The Hackers Meetup for ranking **3rd** in **Breach Havoc CTF** at Parul University

TECHNICAL SKILLS

Languages: C/C++, JavaScript, Bash, HTML/CSS (Bootstrap)

Security Tools: Wireshark, Wazuh, Metasploit Framework

Systems & Platforms: Linux, VMware, VirtualBox, KVM/QEMU, Microsoft Active Directory

DevOps & Tools: Git/GitHub, Docker, Nginx

Databases: MySQL

POSITIONS OF RESPONSIBILITY

Team Lead

February 2026 – Present

pwnz0r CTF Team

- Spearheading team recruitment, guiding, and participation in CTF competitions across OSINT, web exploitation, forensics, and pwn
- Coordinating team strategy, delegating challenges based on member strengths, and conducting post-CTF writeup reviews

College Ambassador

December 2025 – December 2025

Techfest, IIT Bombay

- Acted as the primary liaison between Techfest, IIT Bombay and the university, driving student engagement and awareness for the festival
- Executed strategic promotional campaigns and coordinated pre-event sessions, increasing participation in workshops and competitions

COURSES & CERTIFICATES

CompTIA A+ (220-1101 & 220-1102) Training | *Udemy*

Cisco Networking Basics | *Cisco Netacad*

Palo Alto Networks: Cybersecurity Foundation | *Palo Alto Networks Cybersecurity Academy*

Introduction to Cryptography for Beginners | *SimpliLearn*
